

In partnership with technology training partner—Knowledge Matters LLC

Microsoft Certified Systems Administrator (MCSA) and DoD 8570 Information Assurance Technology Level 2 and Information Assurance Management Level 1

Course Number CE-1125 \$2,565

Troy University offers you one of the most effective ways to become a Microsoft Certified Systems Administrator in the growing Information Technology industry. TROY's new Learning Management System (LMS) drives the delivery and manages the content for this unique online program. Certified mentoring by a subject matter expert is available on-demand 24/7 for most course modules. Customized mentoring exercises and test preparation are integrated into this program. TROY's course for Microsoft Certified Systems Administrator provides a structured online training program to give you an effective, convenient and affordable way to achieve your certification goals.

Microsoft Certification Means Success!

Microsoft Certified Systems Administrator for Server 2003

Advance your career by ensuring that you have the skills to successfully manage and troubleshoot server environments running on the Microsoft Windows operating system. For the Microsoft components mentoring exercises are provided for each module to assist students with comprehensive test preparation. For Security+, certified mentoring is provided Monday thru Friday (9-5 EST) and test preparation is included as well. Our MCSA course will take the average student about **140 hours** to complete.

In-Depth Training:

TROY's LMS prepares the student for the following Certifications/Exams:

CompTIA Security +:

Exam SY0-101 Security +

Microsoft Certified Systems Administrator (MCSA):

Exam 70-270: Installing, Configuring and Administering Microsoft Windows XP Professional

Exam 70-290: Managing and Maintaining a Microsoft Windows Server 2003 Environment

Exam 70-291: Implementing, Managing and Maintaining a Microsoft Windows Server 2003 Network Infrastructure

By completing these exams you also achieve DoD 8570 Information Assurance Technology level 2 (IAT2) and Information Assurance Management Level 1 (IAM1).

Exam Information: Exam fee not included in tuition cost.

Prerequisites: The MCDST program is a prerequisite to the MCSA program unless a student receives prior approval by the Training Systems Director.

Salaries for these high-demand technical skills can average between \$30,000 and \$60,000 per year.*

Troy University's Continuing Education programs are dedicated to meeting your training needs. These programs include certificate programs, customized business and industry training, personal development and professional development. The Continuing Education Unit (CEU) is a nationally recognized method of quantifying time spent in the classroom during professional development and training activities. The primary purpose of the CEU is to provide a permanent record of the educational accomplishments of an individual who has satisfactorily completed significant non-credit educational and career enhancement experiences. One CEU is equal to ten contact hours of participation in an organized continuing education experience under qualified instruction. For more information about customized sources for your needs, please call your nearest TROY campus or site. All opinions, conclusions or recommendations expressed are those of the instructors and do not necessarily reflect the views of the University.
