

In partnership with technology training partner—Knowledge Matters LLC

CompTIA Linux+ Course Number IT 0005 \$1,695

Linux is quickly gaining acceptance in American corporate environments. Get a head start on Novell's distribution of Linux for business. Troy University offers you one of the most effective ways to become CompTIA Linux+ Certified in the growing Information Technology industry. TROY's new Learning Management System (LMS) drives the delivery and manages the content for this unique online program. Certified mentoring by a subject matter expert is available on-demand Monday through Friday (9-5 EDT), and comprehensive test preparation is integrated into this program. TROY's course for CompTIA Linux+ provides a structured online training program to give you an effective, convenient and affordable way to achieve your certification goals.

CompTIA Linux+:

Exam XK0-002: Linux+

Troy University's Continuing Education programs are dedicated to meeting your training needs. These programs include certificate programs, customized business and industry training, personal development and professional development. The Continuing Education Unit (CEU) is a nationally recognized method of quantifying time spent in the classroom during professional development and training activities. The primary purpose of the CEU is to provide a permanent record of the educational accomplishments of an individual who has satisfactorily completed significant non-credit educational and career enhancement experiences. One CEU is equal to ten contact hours of participation in an organized continuing education experience under qualified instruction. For more information about customized sources for your needs, please call your nearest TROY campus or site. All opinions, conclusions or recommendations expressed are those of the instructors and do not necessarily reflect the views of the University.
